Docket #00P-1211/CP1
5630 Fishers Ln., Room 1061 (HFA-305)
Rockville, MD 20852

Dear Ms. Henney,

I respectfully urge the FDA to require long-term safety testing of all genetically-engineered foods before they go to market. Also, I would very much like to see all genetically-engineered foods currently on the market labeled as such, thus giving consumers the right to know what's in the food they are eating.

Thank you for taking my concerns into consideration.

Sincerely,

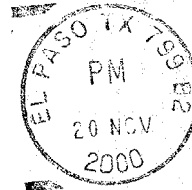

Enrique Schneider
